# PREPARE FOR UNIVERSITY AND BEYOND

Pickering College's Global Leadership Program strikes the ideal balance between challenging students to develop critical thinking and real-world life skills that can be applied to their university career and beyond.

Our students are tasked not only with university-level primary and secondary research, but also with innovating, inventing and problem solving. As a result of their studies, students develop valuable skills, including:

- time management and self-reliance
- advanced academic ability
- strong research and writing
- critical thinking abilities
- dialogue, communication and presentation
- leadership and mentorship
- design, invent and problem solve
