Ontario's Longest Established

It's funny that people will remember to get their car serviced regularly, but forget that a riding mower needs the same care and attention you give your car. In fact, a riding mower has most of the same mechanical parts that your car has - just smaller.

6

OUR SERVICES:

- Riding & push mower repair
- Tractor & other heavy equipment repair
- Sales of quality new & used machines
- Stock maintenance & repair parts for many brands of engines
